Sales Representatives Stress Quality Increase

More than 40 representatives of Cone Mills Inc. from all parts of the United States saw their commodity, Cone Fabrics, actually in the making when they visited several plants of Cone Mills Corporation this week. This was an important part of their annual sales meeting. Saul F. Dribben, president of the Cone selling organization, and Lewis M. Heflin, executive vice president, were among those present. Mr. Dribben and Herman J. Smith, president of Cone Mills Corporation, spoke at the Monday night dinner meeting.

Throughout their tours of the plants, the Cone representatives were impressed with the various departments; however, they were quick to stress the importance of increased quality in the production of Cone fabrics in order to meet the keen competition of today's high quality market and low prices.

Following the tour of White Oak Plant on Monday, the group visited the Cone Mills Laboratory where Cone materials are constantly tested for maintaining the highest standards of quality in uniformity of fibres, fastness of dyes, and fabric wearability. In the afternoon, a visit was made to the Print Works.

Other tours included Cliffside Plant, where they heard a discussion on the production of Cone Towels; Revolution Flannel Plant; Minneola Plant, Gibsonville, and Granite Plant, Haw River.

Yesterday, the group met with local mill executives for an open forum discussion, which included the importance of increased quality in Cone products.

Although it is difficult for employees in spinning, weaving, carding, dyeing, etc. to visualize the problems of the sales force, it is upon the mill employee that the salesman is depending for quality goods to present to the market, ultimately the most demanding boss of

every employee of the company: the consumer.

Those attending the sales conference were: R. S. Bush, Dallas, Texas; W. C. Campbell, Atlanta, Ga.; N. W. Drury, Boston, Mass.; E. P. Duffy, Chicago, Ill.; R. W. Falk, San Francisco, Calif.; G. Heddell, Los Angeles, Calif.; R. F. Hunnewell, traveling out from N. Y.; W. M. Kuzniak, Chicago, Ill.; W. S. La-kamp, St. Louis, Mo.; J. T. McCartney, Los Angeles, Calif.; W. R. McConnell, Greensboro; F. L. McDonald, Boston, Mass.; J. A. Parr, Dallas, Texas; H. A. Sampson, Greensboro; F. T. Scherer, Baltimore, Md.; R. O. Simpson, Nashville, Tenn.; S. M. Slight, Philadelphia, Pa.; R. A. Small, Chicago, Ill.; R. Tansill, St. Louis, Mo.; E. H. Taylor, traveling out from N. Y.; E. R. Weaver, Chicago, Ill.; F. A. Whitney, Atlanta, Ga.; C. E. Wright, Chicago, Ill.; R. S. Travis, Nashville, Tenn.

Most Beneficial Visit

The local mills have been delighted to have our sales representatives in Greensboro most of this week. We feel that their visit here will prove to be most beneficial for all.

The gentlemen bearing the responsibility of selling the products of our local mills were able to bring to us firsthand information as to conditions throughout the country, including the keen competition that we are experiencing at this time.

They have emphasized the high quality demands made by our customers. They have further informed us that our competition is keenly alert to those standards, and that it is a challenge to each and every one of us, regardless of our respective jobs, to measure up in every respect in order to meet the high quality demanded by our customers and the standards of our competition.

We should not be satisfied in merely meeting competition quality-wise, but we should go all out in offering to the trade the highest quality merchandise in the market. We should be ever mindful of the fact that quality standards will continue to become more exacting.

Of equal importance at this time is the matter of cost, as the prices at which competitive fabrics are selling in the market are very low.

We are urged by our representatives to become as efficient as possible so that we can bring our costs in line with market prices.

We feel quite sure that our representatives are also more familiar with mill problems and have a better perspective of the whole production situation.

There can be a tremendous amount of benefit resulting from the visits of our representatives in our mills, and we are sure that we voice the sentiment of our employees in hoping that they will again honor us by their presence at an early date.

Vote Tomorrow

It is the duty of every citizen in North Carolina to go to the polls and cast his ballot in the primary election being held tomorrow. It is not the intention of this paper to try to influence its readers to vote for any particular candidate or candidates. We do feel, however, that it is within our province to advise each person to carefully consider the character and qualifications of each candidate before voting.

We would further advise that each of us think beyond his own immediate situation in helping to determine who is to represent us and who is to serve us.

It is shortsighted indeed to permit immediate personal considerations to influence us too much, for quite frequently we later find that what glitters today may turn out to be inferior tomorrow.

We are going through critical times internationally, nationally, and even locally. Good, sound representation can mean much in guaranteeing a better and healthier future.

The American people have been entitled to the severe criticism they have received because of an apparent indifference on election day. We are very much afraid that this year will be an extreme year in the low percentage of those qualified who actually vote. If that happens to be the case, it will be a sign of either democracy not working or democratic principles not being recognized and exercised.

We strongly recommend that all our readers carefully consider the candidates, and that they be sure to vote tomorrow.

POPPY DAY—Two White Oak Community Club members, Mrs. L. C. Harris, program chairman, and Mrs. Otto Burnside, president, are shown as they sold their first poppy to Arlindo Lineberry of Print Works Plant, for Poppy Day which is tomorrow. The sale, for benefit of disabled veterans, is sponsored in Greensboro by the Henry K. Burton Post, American Legion. Both of the women shown are members of the Legion's Auxiliary.

Last Monday night, the Rayon Plant opened its season by defeating the Proximity Office 10 to 0. Only four hits were given up by the fine pitching of Herman Hinshaw. Leading the hitting for the Rayon Plant was Roger Johnson with three hits for five times at bat. Only ones getting hits for Proximity Office were Edgar Gardner, D. O. Myrick and W. Leonard, with Gardner getting two for three times at bat.

The summary for the game was as follows: Rayon Plant 10 runs off 15 hits and one error; Proximity Office 0 runs off 4 hits and 2 errors. In the second game of the night, Proximity Plant continued to win. They defeated the Revolution Payroll 22 to 1. Up until the third inning, Proximity Plant was leading Revolution Payroll 3 to 0. It was in the fourth inning that Proximity Plant scored 5 runs to ruin the hopes of the Revolution Payroll team. Robert Collins held the Revolution Payroll to only 3 hits to claim an easy victory for the Proximity Plant.

Leading the hitting for Proximity Plant was T. Sewell and Al Wheeler with four hits each. T. Sewell getting two singles, a double and a home run. Al Wheeler getting three singles and a double.

Summary for the game as follows: Proximity Plant 22 runs off 24 hits and 4 errors; Revolution Payroll 1 run off 3 hits and one error.

WE URGE YOU TO GIVE YOUR VOTE AND SUPPORT TO EXPERIENCED CANDIDATES FOR COUNTY COMMISSIONERS

SIDNEY B. ALLEN

CHAS. J. HUNT

WHO ARE PLEDGED TO CONTINUE TO SUPPORT AND MAINTAIN A SOUND BUSINESSLIKE PROGRAM FOR GUILFORD COUNTY WITH EMPHASIS UPON A PROGRESSIVE SCHOOL PROGRAM

The Administration of which SIDNEY B. ALLEN and CHARLES J. HUNT are a vital part has reduced the county debt, built better schools and improved all county services for an ever increasing population over the past twelve years.

THE FIGURES BELOW (rounded to thousands) INDICATE FORCEFULLY THE SPLENDID PROGRESS MADE OVER THE PAST TWELVE YEARS TOWARD RIDDING GUILFORD COUNTY OF EXPENSIVE BONDED INDEBTEDNESS AND IN IMPROVING BETTER SCHOOLS:

Fiscal Year Ending	Debt Principal and Interest Outstanding	Appropriations For School Bldgs.
1943	\$7,224,000.00	\$ 64,000.00
1944	6,551,000.00	46,000.00
1945	5,852,000.00	91,000.00
1946	5,232,000.00	100,000.00
1947	4,621,000.00	520,000.00
1948	4,121,000.00	663,000.00
1949	3,647,000.00	1,014,000.00
1950	3,162,000.00	1,049,000.00
1951	2,723,000.00	1,143,000.00
1952	2,339,000.00	1,215,000.00
1953	2,005,000.00	1,591,000.00
1954	1,717,000.00	1,607,000.00

(*Only Emergency Building Permitted)

During this 12-year period debt was reduced by 5½ million dollars and no new debt was incurred. In the 1942-43 fiscal year 52% of the tax was required for payments of principal and interest. Such debt payments require only 7% of the tax rate in the 1953-54 fiscal year.

IN CONSIDERING GUILFORD COUNTY'S FINANCIAL HISTORY IT IS INTERESTING TO MAKE THE FOLLOWING COMPARISON:

COUNTY FUNDS EXPENDED FOR SCHOOL BUILDING AND IMPROVEMENTS:

8 YEAR PRE-WAR PERIOD—1934-35 through 1941-42	\$1,639,000.00
8 YEAR POST-WAR PERIOD—1946-47 through 1953-54	\$8,802,000.00

WE BELIEVE THAT THE SOUND BUSINESSLIKE MANNER IN WHICH GUILFORD COUNTY'S FINANCES HAVE BEEN MANAGED OVER THE PAST 12 YEARS HAS CONTRIBUTED MATERIALLY TO THE ATTRACTION OF NEW BUSINESSES AND THE ENCOURAGEMENT OF LOCAL INDUSTRIES TO EXPAND.

P. LORILLARD & COMPANY INVESTIGATED OTHER NORTH CAROLINA COUNTIES. GUILFORD COUNTY'S SOUND GOVERNMENTAL OPERATIONS AND ENVIABLE FINANCIAL CONDITION WERE IMPORTANT FACTORS INFLUENCING THIS COMPANY'S DECISION IN OUR FAVOR.

EXPANSION OF GUILFORD COUNTY'S INDUSTRY AND THE LOCATION OF NEW PLANTS HERE WILL AFFORD TO OUR SONS' AND DAUGHTERS' BETTER JOB OPPORTUNITIES AT HOME.
